School Mission

ReGeneration Schools is a nonprofit, public charter school management organization that manages six schools on three campuses of Chicago International Charter School: CICS Avalon, CICS Avalon, and CICS Washington Park.

But ReGeneration is more than a school. ReGeneration is a mission. **Our mission is to take any student chosen in our random lottery and prepare him or her with the academic excellence and character to go on to college and lead a successful, happy life.** We fulfill this mission by focusing on the needs of our students, by building a real community that shares core values, and by using every minute of the day to help our students achieve academically and personally.

ReGeneration expects more from its students, more from its parents, more from its teachers, and more from its leaders. Only by expecting more can we achieve more. Our high expectations require us to push our children to reach higher, work harder, and learn more than they have been asked to before. This pushing requires us to be both tough and loving. We must show our students the love and respect we have for them while holding them to our higher standard for work and behavior.

One of the greatest motivators is success. **We need to help our children feel legitimately successful, not by giving false praise to bolster so-called self-esteem, but from gratification attained from real learning and real work.** In order for our students to be successful and make it to college, we must be tenacious with them. We cannot lower our high expectations or feel we have done enough if any of our students are failing. So we do whatever we would for our own children – we push, coax, and demand our students to ensure they succeed.

Good teaching is the answer. Teaching that is engaging, rigorous and exciting will make **the difference**: teaching that is focused on mastering important standards; teaching that is focused on what students actually learn, not just on what we teach; teaching that gets kids working, involved, and having fun. Real learning yields real results on tests. Remember that teachers are the soul of the school. It is the teachers who change lives, the teachers who get results.

However, we must be real about the challenges that we face. The challenges in Chicago can breed anger, despair, and hopelessness. The gains we make can be torn down by the forces of negativity. **We must work every day to get our children to believe in the vision of hope that we have for them.** We must be strong, relentless, tenacious, and loving with an almost religious zeal. Nothing should stop us in helping our children – not poverty, not racism, not the state bureaucracy, not even a budget crisis. Nothing should keep us from teaching well. We can make no excuses. We have the power to make a difference.

We touch lives daily. We are teachers.

School Profile

Organizational Structure

The Chicago Public Schools authorizes Chicago International Charter School (CICS) to operate public charter schools, which are open to all students living in the City of Chicago. CICS Avalon, Avalon, and Washington Park campuses are managed by ReGeneration Schools. Questions or concerns should be addressed on campus. If resolution is not met after communicating with the campus, community members should contact ReGeneration Schools.

Chicago International Charter School

Chicago International Charter School (CICS) was founded on the belief that every child has the right to a high quality education. CICS's vibrant network of diverse Chicago charter schools enables students to thrive every day, puts them on a path to success in college and life, and empowers entrepreneurial educators to pursue excellence through innovation.

Incorporated as an independent 501(c) (3) non-profit in 1997, the Chicago International Charter School (CICS) became one of the first six charters to be approved by the Chicago Board of Education. Rather than creating its own educational model, CICS partners with School Management Organizations (SMOs) to run the day-to-day operations at its campuses.

Within CICS's 15 campuses CICS serves 9,222 scholars from kindergarten through high school in the city of Chicago. CICS has a student population composed of 93% ethnic minorities. Of the CICS population, 65% are African American, 26% are Hispanic, and 7% are Caucasian, with 85% coming from low income households.

Admission Policy

The Campuses of ReGeneration Schools admit students without regard to race, color, nationality, religion, sex, sexual orientation, disability, status of being homeless, immigration status, and actual or potential marital status or parental status, including pregnancy to all the rights and privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, nationality, religion, sex, sexual orientation, disability, status of being homeless, immigration status, and actual or potential marital status or parental status, including pregnancy in administration of its educational policies, admission policies, services, scholarships, athletics, and other school-administered programs.

Unlike most other public schools, a charter school is populated by students who have freely chosen to attend that school. Students who choose to accept the academic program of a charter school assume also the obligations imposed by the policies of the school.

Communicating with the School

Expect a return on all communication (email, phone, in person request) within 1 school day unless otherwise notified. CICS Avalon, Avalon, and Washington Park recognize the importance of open and informative communication with students, staff, parents, and community members. Good communication between home and school is a key to maximizing each student's school experience.

All issues should be directed first to the teacher via email or phone. If the issue persists or the outcome is unsatisfactory follow the following communication protocol.

- **Discipline Issues:** Teacher □ Dean □ Director of Operations □ Principal □ ReGeneration Schools
- **Academic Issues:** Teacher □ Director of Operations □ Principal □ ReGeneration Schools
- **Afterschool Activities Issues:** Afterschool Activity Advisor/ Teacher □ Dean □ Director of Operations □ Principal □ ReGeneration Schools

Visitor Policy

Campuses have an open door policy and welcome parents who wish to visit their students' classrooms (after the first two full weeks of school). Parents who wish to observe should report to the main office and complete a Parent Observation Agreement. The Principal or Dean of Students will then escort the parent to the student's classroom. Parents who fail to follow the terms listed in the Parent Observation Agreement will lose the privilege to observe in their student's classroom.

School Culture

Character Building: Our Virtues

ReGeneration Schools is characterized by a culture that is orderly, supportive and focused on academic work. The ethos of the community should be mutual care and respect. Discipline and order exist in a school when students are known and cared for by all of the faculty and staff and when their life within the school is meaningful to them. Given the sense of community within the school and the active engagement of students in their learning, there will be less opportunity for disruption and problems. The administrators and teachers strive to ensure that rules are fairly and consistently enforced.

Six virtues – perseverance, respect, responsibility, compassion, diligence, and integrity – are at the heart of ReGeneration Schools’ community and represent the cornerstones of the school’s Code of Conduct. It is expected that all students will live by these values. We ensure that students create good habits of behavior by sweating the small stuff.

Respect

1. We treat each person as valuable, worthy of greatness and goodness.
2. We accept all individuals for who they are.
3. We show our respect at all times for each other, for property, for differences, and for opinions different from our own.
4. We are honest with each other.

Integrity

1. We tell the truth, even when it is difficult.
2. We do what is right, even when nobody's watching.

Diligence

1. We come to school and to every class on time, every single day.
2. We are prepared for class, every single day.
3. We stay on task in class, every single day.
4. We complete all homework to the highest standard, every single night.

Responsibility

1. We believe we are the masters of our own destiny and that we have the power to control our lives and shape our future.
2. We are committed to the highest level of achievement: academic, social, and personal. We recognize our strengths and try to improve on our weaknesses.
3. We participate fully in everything we do. We do not do things halfway.

Compassion

1. We take care of each other.
2. We help each other. We notice when someone needs help and we lend a hand.
3. We do not hurt each other physically or emotionally.
4. We work to improve our community and our world.

Perseverance

1. We show courage in the face of adversity.
2. We speak loud and proud.
3. We work hard. When we hit a challenge, we don't give up – we work harder!

Academics & Learning

ReGeneration Schools is committed to nurturing the growth and development of students while maintaining a rigorous academic program that prepares them to graduate from a four-year college. To achieve this goal, ReGeneration Schools operates on a longer school day and a longer school year.

This is the most fundamental aspect of the school. ReGeneration's mission is to help students meet elevated standards through high expectations in an academic program that will prepare students for college. Therefore, students are expected:

- ✓ TO BE ON TIME to school and to each of their classes and activities every day;
- ✓ TO WORK HARD in their studies;
- ✓ TO BE PREPARED for class;
- ✓ TO BE ON TASK in class;
- ✓ TO PARTICIPATE in all activities; and
- ✓ TO COMPLETE HOMEWORK assignments, which will be given each night, as well as all assigned school projects.

Challenging Curriculum

ReGeneration Schools' curricula are aligned to the Illinois Common Core Curriculum Standards, ReGeneration Standards, ReGeneration Assessments, and the required state/local tests. In all of these ways, we are getting your child ready to succeed in a college-preparatory environment.

Top-Notch, Caring Teachers and Staff

ReGeneration Schools Kindergarten and 1st grade classes have two teachers in every classroom. This ensures that we can have small group instruction and give one-on-one help to all students. All teachers design exciting, innovative, and challenging lessons in the classroom.

ReGeneration's teachers know that students learn material much better when they see how it might apply to their lives; therefore their lessons are relevant to the students' lives. They also foster a climate of success through a positive disposition, well-maintained and decorated classrooms, honest feedback, positive reinforcement, recognition of success, and strong classroom management skills.

ReGeneration teachers are trained to move at a fast pace so that every minute of class time is utilized for instruction. Teachers ask many critical thinking questions throughout the course of a day as well as pack each class with a number of activities designed to keep students motivated and on task.

Academic Policies & Procedures

STAR and SLANT Systems

To help students learn professional habits, ReGeneration Schools has instituted the STARS behavior code for elementary students and the SLANT behavior code for middle school students.

Daily School Schedule

CICS Avalon operates from 7:15AM until 3:30 PM, Monday through Thursday. School is dismissed at 1:50 PM on Fridays so that teachers have time to meet, plan, and receive training. This weekly staff development time is incredibly important and helps us to improve our skills as teachers and the school program as a whole.

Students are required to arrive at school on time (by 7:45 AM at the latest) and to remain in school until dismissal at 3:30 PM (1:45 PM on Fridays). It is very important that you send the strong message to your child that school is extremely important. The school attendance habits that are instilled in our students at an early age can lead to a lifetime of educational and professional success.

A typical school day offers:

- Morning Meeting
- 1 period of Math
- 2 periods of Literacy
- 1 period of Social Studies or Science
- 1 hour of Enrichment (music, art, dance, computers, soccer, drama, chess) or teacher tutoring
- Homework EVERY night

Life's Work/Homework

Life's Work (homework) is an essential part of the ReGeneration Schools educational program. It is designed to reinforce skills taught in the classroom, to help students develop a deeper understanding of concepts, and to promote good study habits.

Life's Work will be assigned EVERY night at ReGeneration Schools. This includes 20 minutes of required reading every night (including weekends and holidays), for which a parent/guardian signature is required on the homework log. It is essential that parents show interest in their child's Life's Work and monitor progress each night.

There are high standards for homework. All homework must be neat, clean, and thorough. Homework folders are turned in to teachers each morning as soon as students arrive at school. Elementary students require Homework Logs to be filled out properly with parent/guardian signature. If the homework is late, missing, incomplete, of poor quality, or if the log is not completed properly, then the student may face in-school consequences. **We expect and need family support to make sure all the homework gets done according to TOP QUALITY standards.**

Report Cards

Report cards are distributed three times during the academic year. At the end of Trimesters 1 and 2, Avalon will hold "Report Card Conferences" when parents and/or guardians must attend a 10 minute conference with their child's teacher to discuss their progress. **It is mandatory that parents and/or guardians attend their scholar's report card conference.**

The Trimester 3 Report Card will be sent home with students on the last day of school.

Promotion to the Next Grade

ReGeneration Schools have tough standards for promotion. It is not automatically assumed that students will pass from one grade to the next: the student must earn promotion by demonstrating mastery of the essential knowledge and skills. Students may not be promoted if they are performing significantly below grade-level standards. Promotion decisions will be based on a student's grades, standardized test scores, attendance, homework completion record, and other measures. We will look thoughtfully at student test scores, examples of student work, teacher observations, and other measures to make these decisions.

Lastly, a student may be retained if he or she **misses more than 10 days in a school year**, has significant behavior problems that result in a lot of missed instruction time, or if the student has persistent trouble completing homework assignments.

Students who have IEPs will be promoted to the next grade based on successful completion of the goals of the IEP. However, students with IEPs who have significant attendance or behavioral problems unrelated to their IEPs may be retained for these reasons.

Attendance

To succeed at ReGeneration, students must be present. So much learning goes on each day that cannot be sent home and made up. Students who miss excessive amounts of school do not perform as well as those who attend every day.

Therefore, students are to come to school unless they have valid cause to be absent. Valid cause includes illness, observance of a religious holiday, death or other emergency in the immediate family, and circumstances which cause reasonable concern to the parent/guardian for the health or safety of the student. Students must not stay home to babysit their siblings. Students may be required to provide written documentation from a physician regarding a reported illness. In addition, every effort should be made to schedule routine dentist and doctor's appointments outside of school hours.

If a child is to be out, the parent must call the school before 9:00 am and explain the reason for the absence.

- **No Absences in a Trimester:** The student and family are congratulated and recognized for their exceptional diligence and commitment to education.
- **Three Absences in a Trimester:** If a student is absent, with or without a valid excuse, three times in a Trimester, it is considered a serious issue. At this point, the parent/guardian will be called to the school to meet with the Dean of Students or the Principal. At the meeting, the problem will be discussed and an attendance plan will be developed. If the absences are invalid or unexcused, the student may be considered chronically truant.
- **Six Absences in a Year:** If a student is absent, with or without a valid excuse, six times in a year, it is considered a serious issue. At this point, the parent/guardian will be called to the school to meet with the Dean of Students or the Principal. At the meeting, the problem will be discussed and an attendance plan will be developed. If the absences are invalid or unexcused, the student may be considered chronically truant.
- **Nine Absences in a Year:** If a student is absent, with or without a valid excuse, nine times in a year, the student is at risk of not being promoted to the next grade. The parent/guardian will be called to the school to meet with the Dean of Students or the Principal. The attendance plan will be reviewed and updated. If the absences are invalid or unexcused, the student may be considered chronically truant.
- **Ten or More Absences in a Year:** If a student is absent, with or without a valid excuse, ten or more times in a year, the student may not be promoted to the next grade (including excused and/or unexcused). If the absences are invalid or unexcused, the student may be considered chronically truant.

Truancy

A student will be considered chronically or habitually truant when he or she is absent without a valid cause for 5% or more of the regular school year or three (3) actual school days. When a student is absent without a valid excuse being provided, the school will make a reasonable effort to contact the parent/guardian at the start of the school day. If no valid excuse for the absence is given, the absence will be considered invalid.

Multiple invalid absences from school may also result in the consequences set forth above. If attempts by the school are unsuccessful in resolving a truancy problem, or if the parent/guardian is unable or unwilling to assist in resolving the issue, the regional truancy office will be contacted and may take legal action to enforce the compulsory attendance laws. No punitive action shall be taken against a chronic truant student unless available supportive services have been provided.

Attendance – Extended Year

ReGeneration runs from late August through the end of June. Attendance from August through June is a required part of the instructional program. It is not optional. It is mandatory for all students. Choosing ReGeneration entails choosing this extended school year. Parents should be fully aware that when they sign up their child they are committing to the entire program for all the years that their child is enrolled. Parents should not plan family vacations during late June or late August. Any absences for traveling purposes or for summer camps will not be considered excused. These absences will be considered part of the child's attendance record and, if excessive, may place a child in danger of retention.

Punctuality & Tardiness

Getting to school on time is a key to your child's success – at school and in life. At ReGeneration, the learning begins from the moment students walk in the door. For instance, students read, complete challenging critical thinking problems, and review content during breakfast. Students who are late miss essential reading instruction, disrupt the learning of other children, and risk falling behind.

Definition of Tardiness

Students must arrive between 7:15 a.m. and 7:44 a.m. Students arriving at 7:45 a.m. or later are considered tardy.

Students who arrive close to 7:40 a.m. may not have enough time to finish breakfast, since activities such as Morning Circle start promptly at 7:45 a.m. If you wish for your child to eat breakfast at school, your scholar must be in school by 7:30 a.m. to have enough time to eat without feeling rushed.

Consequences for Tardiness

The following is an outline of consequences for tardiness:

- **No Tardies in a Trimester** – The child and family are congratulated and recognized for being “on time” and for their true commitment to education.
- **Three Tardies in a Trimester** – If a student is late three times in a Trimester, it is considered a serious issue. **At this point, the parent/guardian will be called by an adviser.** The problem will be discussed and an “On Time” plan will be developed.
- **Seven Tardies in a Year** – If a student is late seven times in a year, it is considered a serious issue. **At this point, the parent/guardian will be called to the school to meet with an adviser.** The problem will be discussed and an “On Time” plan will be developed.

Middle School scholars who arrive late will lose Scholar Dollars on their "paychecks."

Early Dismissal

To provide all students with the educational experiences they deserve with minimal disruptions, we respectfully ask that parents and guardians avoid early dismissals where possible.

If an early dismissal cannot be avoided, please note that early dismissals will not be granted after 3:00 PM Mondays through Thursdays and after 1:25 PM on Fridays.

Discipline

Our approach to discipline is rooted in the belief that the learning environment is sacred. At ReGeneration, we will do whatever it takes to make sure that every child is safe (physically, emotionally, mentally, and intellectually) and to make sure that every child has the chance to learn without needless disruptions. We have very high expectations for student behavior, and we “sweat the small stuff” to create and preserve a focused learning environment.

Our teachers will use a large array of strategies to promote positive behavior and to correct problem behaviors. Our faculty uses positive reinforcement whenever possible, doing their best to “catch students doing the RIGHT thing.” We recognize and celebrate student success at every opportunity.

We also use consequences and problem-solving approaches to help students fix behavior problems. Students may lose privileges (social time, trips, etc.) when they violate the rules.

Disciplinary Procedures

The disciplinary procedures apply to behaviors that occur on school grounds, at school-sponsored events, or on school buses. Additionally, students may be disciplined for

behavior that occurs off of school grounds if the behavior interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function.

Paycheck System (Middle School Only)

The ReGeneration Schools Paycheck System is designed to teach students self-discipline by being aware that, in life, there are rewards and consequences for our actions. Students will gain or lose paycheck dollars according to their adherence to the Code of Conduct. Students who misbehave or do not do their homework will have deductions from their paycheck. Students who exemplify ReGeneration virtues will gain Scholar Dollars on their paychecks.

Each week, completed paychecks will be sent home in the parent folder and must be signed by parents or guardians in order to be validated.

Students who fall below a required minimum will receive consequences including but not limited to silent study hall in the morning and at lunch and after school detention. Field trip participation and other rewards and privileges will be provided or withheld based in part on students' paycheck averages.

Student Reward Opportunities

At ReGeneration Schools students have the opportunity to earn rewards for demonstrating excellent behavior, academic growth, and good citizenship. Students can earn daily praise/stickers/notes, community shout outs, STAR awards, visits to the Treasure Chest, Student of the Month, Homework Superstar, Scholar Dollars, etc.

Consequences

When students break the code of conduct, the teacher will correct them, review the correct behavior and practice the behavior with them. However, if the behavior continues the students will face a series of consequences agreed upon and supported by all the teachers and parents. These consequences progress in a hierarchy designed to deter a student from poor choices. In administering consequences, school personnel will take into account such factors as the severity of the offense, the age of the student offenders, students' histories of inappropriate behaviors, and any other factors deemed relevant.

Group Consequences

ReGeneration retains the right, during particularly difficult circumstances, to keep groups of students or an entire class of students during lunch (lunch will be provided in the classroom) or after school. The school does not seek to punish the good with the bad, but it believes that we are all responsible for each other – that the actions of some of us do impact, and are impacted by, the entire group.

Loss of Privileges

ReGeneration Schools offers students many privileges that can be taken away as a consequence for poor behavior. Privileges that can be lost include: specials, choice time/enrichment, participation in birthday celebrations, participation in field trips, coming to school early or staying late. Teachers, the Principal, or other school personnel may use loss of privileges during specials, lunch, snack, or choice time for violations of the Code of Conduct.

Behavior Intervention and Remediation

When deemed appropriate by School Leaders, a student may be placed on a behavior intervention plan to support behavior improvements and closely monitor progress toward specific behavior goals. Students not meeting the goals in their behavior plan face consequences as outlined below. Supportive interventions and referral services are available for all students with demonstrated need. When appropriate, students with disabilities will be provided with behavior plans as per specifications outlined in their IEP or 504 plans.

Fighting Is Not Tolerated

There is no tolerance for fighting. The school encourages non-violent conflict resolution. Students are expected to use the techniques of conflict-resolution to settle all disputes in a non-violent manner. Faculty will work to spot problems and students are expected to report conflicts before they escalate.

Weapons

Weapons (firearms, knives, etc.) are not permitted on ReGeneration Schools' premises nor at off-site school sanctioned events. For more details about our weapons policy, please see the Code of Conduct section of this Parent Handbook.

In-School Suspensions

ReGeneration Schools may require students to serve an in-school suspension during which they are not allowed to be in their classes but must spend the school day supervised in one of the school offices while doing their schoolwork. These in-school suspensions may be given for students who demonstrate disruptive behavior or consistently violate the Code of Conduct. In-school suspensions may also be given in cases where a student needs to be sent home but the school is unable to reach a parent. Please see the Code of Conduct section of this Parent Handbook for additional guidelines regarding In-School Suspensions.

Out-of-School Suspension

To create and maintain a safe, supportive, fair, and reliable school community and culture, ReGeneration Schools may suspend students from school when there are serious breaches of the Core Values or of the discipline code. Please see the CHICAGO INTERNATIONAL CHARTER SCHOOL DISCIPLINE CODE for more information about out-of-school suspension.

Discipline of Students with Special Needs

ReGeneration Schools recognizes that it may be necessary to suspend, remove, or otherwise discipline students with disabilities to address disruptive or problem behavior. ReGeneration Schools also recognizes that students with disabilities have rights to certain procedural protections whenever school authorities intend to impose discipline upon them. ReGeneration Schools is committed to ensuring that the procedures followed for suspending, removing, or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

School Searches

The Principal and the Principal's designee(s) are authorized to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or any of ReGeneration's rules. In authorizing searches, ReGeneration Schools acknowledges both state and federal constitutional rights which are applicable to personal searches of students and searches of their possessions.

Students may be subject to personal searches and searches of their possessions where reasonable individualized suspicion exists to conduct such search. Reasonable individualized suspicion to conduct a search of a student or a student's possessions and the scope of the particular search shall be based upon, among other things, the student's age, the prevalence and seriousness of the problem to which the search is directed, the urgency necessitating an immediate search, and the probative value and reliability of information used as justification for the search.

Students have no reasonable expectation of privacy rights in school lockers, cubbies, desks, or other school storage places. ReGeneration Schools exercises overriding control over such school property, which may be opened and subjected to inspection at any time by school officials. ReGeneration Schools will provide notification to parents/families if a search has taken place as soon as is practicably reasonable.

Strip searches shall not be conducted by any school personnel, for any reason. In an emergency situation, the police will be called by school authorities.

Dress Code - Uniforms

At CICS Avalon, students take pride in their appearance. Students are required to wear all components of the regulation school uniform each day. Uniforms are to be clean, well-fitting, presentable, and in good condition (shirts are free of stains, all buttons on shirts and pants are intact, zippers on skirts and pants working, etc.). Students must arrive at school in uniform and remain in their uniforms throughout the school day.

A student who fails to meet the dress code guidelines may call home to retrieve their appropriate uniform. Students who consistently refuse to follow uniform rules will face disciplinary consequences. Final determination of appropriateness of student dress will be made by the school Director.

Clothing should be marked in permanent marker with the student's name on an inside label.

During inclement weather, students must wear the required uniform. Non-uniform sweaters, sweatshirts, etc. are not allowed.

On designated dress-up days and all school-sponsored activities, students are expected to dress in a manner appropriate for the school environment.

The uniform must be worn every day, regardless of weather, unless parents and students have been advised otherwise in writing. Failure to wear the uniform will be considered a violation of our school's discipline policy. Students who consistently refuse to follow uniform rules will face disciplinary consequences.

The required uniform for students in grades **Kindergarten through 4th** is as follows.

Backpacks are unpacked and stored throughout the school day. Along with backpacks, purses are not permitted to be worn during the school day.

Extra Clothing:

Scholars in Kindergarten and 1st grade are required to bring in an extra change of clothes in the event of a bathroom accident. Spare clothes do not need to be uniform clothing; however, do not send jeans, shorts, or name-brand clothes.

Family Involvement Policy

ReGeneration Schools is a community of students, parents, teachers, and school leaders. We believe in the importance of working together to make a positive impact on the academic and social growth of every child. Although the job of making school policy belongs to the Board of Trustees and the Principal, family involvement is not only welcomed, but absolutely critical to the school's success. We want all parents to be actively involved in the education of their child.

ReGeneration Schools Parents are asked to:

- Establish a daily routine for your child, including 8-10 hours of sleep every night.
- Provide a quiet space for your child to study.
- Provide positive reinforcement of student progress and success.
- Provide a library of books and/or frequent trips to the library and/or bookstores.
- Discuss academics and student work among family members.
- Help your child take responsibility for his/her actions. Stress the importance of telling the truth. Remind your child that no one is perfect and everyone makes mistakes.
- Check with your child's teacher about any problems.
- Attend math/literacy workshops, chaperone field trips and volunteer at the school.
- Support other ReGeneration Schools families.

ReGeneration Schools Parents are required to:

- Attend a chat with the principal to review the parent handbook.
- Reinforce ReGeneration's Code of Conduct and STARS/SLANT behaviors at home.
- Read to your child (grades K-4) or ensure your child reads independently (grades 5-8) for at least 20 minutes every day, including weekends, and sign the reading log.
- Make sure your child completes nightly Life's Work, sign the folder, and return it daily.
- Attend two mandatory report card conferences to pick up your child's report card and meet with your child's teacher at the scheduled date and time.
- Effectively communicate with your child's teacher by responding to emails, letters or phone calls within 48 hours of receiving the email, letter or phone call.

Home-School Communication

In order to be effective partners, we must communicate. There are several ways that we communicate with you throughout the year:

1. **School Messenger** – Our robo-messaging program allows us to quickly call and email all families. It is essential that the school always has a working phone number on file. You can also provide an email address where we will send text versions of the messages.
2. **Flyers** – The school periodically sends home informational flyers. It is the responsibility of parents/guardians to check your child's folder and ask your child for flyers.
3. **Monthly Advisory Calls** – Each scholar's homeroom teacher will make monthly advisory phone calls to each home to provide an academic update to parents.
4. **Elementary Behavior Communication Logs:** Nightly your child will bring home a behavior log in his/her homework folder that informs you of any misbehaviors or stellar accomplishments. You must sign and return it the next day in his/her homework folder.

5. **Middle School Paychecks:** Every Friday your child will bring home a Scholar Dollar "paycheck" that informs you of any misbehaviors or stellar accomplishments from that week. You must sign it and return it to school next Monday.
6. **Progress Reports** – The school will send home progress reports periodically. We will always send a School Messenger to let you know to look for Progress Reports. This information will also be available via your PowerSchool Parent Portal login.
7. **Report Card Conferences:** At the end of the first and second trimesters, parents/guardians will be required to come to the school for Report Card conferences with their child's teachers regarding their child's progress.
8. **Visits:** To arrange a visit to the school, please see the section on School Visitor Policy.

Parent/Family Concerns

If you have a concern, we ask that you contact the school. We welcome the conversation. We understand that you have very strong feelings about issues concerning your children. We promise to treat you and your concern with respect, and we expect respect in turn. If a parent/guardian/family member is disrespectful to ReGeneration staff, we will cut short the conversation and continue it at another time.

All issues should be directed first to the teacher via email or phone. If the issue persists or the outcome is unsatisfactory, follow the following communication protocol.

Academic Issues

- Teacher □ Director of Operations □ Principal □ ReGeneration Schools

Discipline Issues

- Teacher □ Dean □ Director of Operations □ Principal □ ReGeneration Schools

Special Education Issues

- Teacher □ Case Manager □ Director of Operations □ Principal □ ReGeneration Schools

We need your support. As you know, ReGeneration is a very demanding school with high expectations for academics and behavior. All of us – families, teachers, and administrators – are working hard to help your child climb the mountain to college. We are all part of your child's team: if you and your child work with us, we can all succeed.

Cell Phones: Students are not allowed to use cellphones in school or on school field trips. If a cell phone is used, rings, or is seen by a staff member during school, it will be confiscated.

Messages/Phone Use/Voicemail: It would take an incredible amount of staffing to provide message services. We cannot guarantee that messages will reach students or teachers during the day unless it is an emergency that requires immediate attention. Such calls should be very rare. Students are allowed to use the telephone only in the case of emergencies.

If you need to get a message to your child's teacher, please call the main office number and leave a message. The teacher will return your call within 1 school day.

School Day Policies & Procedures

Arrival & Early Morning Procedures

ReGeneration Schools' campuses officially open their doors at 7:15 a.m. each day. Students may arrive at this time to eat breakfast and enjoy independent reading and Bright Work. Unless students and families have made an appointment with individual teachers or other staff beforehand, students and families must remain outside the building until 7:15 a.m. The school day officially begins at 7:45 a.m.

Student Meals

The Community Eligibility Provision (CEP) of the National School Lunch & Breakfast Programs allows your child(ren) to eat meals free of charge (one breakfast and/or one lunch per day). All families will need to complete a Household and Income Form that enables the school to participate in the CEP Program.

All ReGeneration students have the option to eat a school breakfast (if they arrive on time), snack (where provided), and lunch. At the start of each month, lunch menus will be available in the main office. If a student does not like a particular meal he/she may bring in his/her own lunch. However, students are not permitted to bring in foods that are unhealthy or high in sugar, nor are they permitted to bring food that requires any preparation, such as heating. Foods that are not permitted include: candy, soda, energy drinks, donuts, cupcakes, chips, candy bars, etc.

Parents are required to notify the school of any food allergies and provide documentation from a doctor for the student's health file. Due to allergies in the building, oranges are not permitted.

Please note that ReGeneration Schools has a **no gum** policy. Students are not permitted to bring or chew gum at any time while they are on the premises.

Healthy Eating Standards

Children need healthy snacks for energy, vitamins, minerals and other nutrients, to help them grow, learn and be active. Healthy students are better able to pay attention in class and do their best school work.

In an effort to provide students with the healthiest environment we can, and to adhere to the *Chicago International Charter School Health Standards*, we are encouraging you to provide only healthy snacks for school snacks and classroom parties or celebrations.

In meeting this health requirement, as a school we do not allow cupcakes, cakes, ice cream, etc. for student birthdays or other celebrations.

Snacks that meet the following nutritional requirements are permitted:

- 150 calories or less
- 35% of total calories from fat or less

- 10% of total calories from saturated fat or less
- 30g of sugars or less
- 230 mg of sodium or less per serving

Dismissal & After School Programs

Dismissal occurs at 3:30 PM Monday through Thursday and at 1:50 PM Fridays.

ReGeneration Schools conducts several after-school activities. Students who are registered in the after school activities are permitted to stay after school. They may not, however, stay after school to wait to be picked up. ReGeneration does NOT provide child-care services. By 3:45 PM., all students who are not involved in a structured, supervised activity must be picked up.

Any student demonstrates poor behavior or abuses the privilege of participating in after school activities may be suspended from the after-school enrichment program. If a student is suspended from after school enrichment, he or she will not be permitted to participate in after school activities for the remainder of the quarter. The student will have to be picked up by 3:45 PM. After-school dues will not be reimbursed

When children are left at school past 4:30 PM and the campus is unable to reach a parent, guardian, or emergency contact, per the District-wide Protocol for Children Left Stranded, the school will be forced to call the Chicago Police Department and the Department of Children and Family Services hotline to report child neglect.

Afterschool Fees

When offering after school activities, campuses will inform parents of any fees associated with program enrollment.

Extended Care

CICS Avalon offers a paid Extended Care program for families. Specific information regarding the program can be obtained from the Extended Care Coordinator.

School Calendar & Closings

The school calendar is shared with parents annually and as any updates or changes are made. Regeneration Schools will issue reminders to parents regarding noon dismissals and days off.

In the event of poor weather conditions such as heavy snow, please listen to your local news for relevant information regarding school cancellation. ReGeneration Schools follows the same

cancellation policies as Chicago Public Schools. If CPS is closed or delayed, so is the individual campus.

Safety & Security Policies & Procedures

There are a number of basic procedures the school has in order to ensure the safety and security of its students and staff. Cooperation on everyone's part will go a long way in guaranteeing that the business of the school – teaching and learning – can take place.

Closed Campus

Under no circumstances are students allowed to leave the school building or grounds without permission.

In Case of Emergency

In case of an emergency, parents or guardians should contact the Main Office either by phone or in person. Under no circumstances should parents or guardians contact students in their classrooms or attempt to withdraw students from the building without notifying and receiving permission from staff members in the Main Office.

Emergency Drills

Safety drills will occur at times established by the school administration. Students are required to be silent and comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. A warning to the students will not precede drills.

Any time the fire alarm goes off (including regularly scheduled fire drills) or another emergency code is indicated, students must obey the following procedures:

- Listen for the fire alarm.
- Line up immediately and be silent.
- Follow their teacher to the designated exit and line up outside.
- Once outside (or in the designated location) they must remain silent and listen to instruction from their teacher.

If there is a school emergency, the school staff will utilize our School Messenger system to provide updates to all families. It is imperative that we have a working phone number on file so we are able to reach all families in the event of an emergency.

Mandated Reporting

Illinois requires a wide range of professionals to report suspected child maltreatment. These professionals and any other person required by law to report suspected abuse or neglect are called mandated reporters. Mandated reporters are professionals who may work with children in the course of their professional duties. Mandated reporters are required to report suspected child maltreatment immediately when they have “reasonable cause to believe” that a child

known to them in their professional or official capacity may be an abused or neglected child. State law does not require that the mandated reporter notify parents of the report.

Health & Medical Policies

ReGeneration Schools provide the health services required by law. Students with serious injuries are taken to the hospital for emergency medical care and the parent(s) or guardian(s) are notified immediately.

If a student requires medication of any kind (including Tylenol, aspirin, and asthma inhalers), the student's parent/guardian must submit an Authorization to Dispense Medication form and must give the medication in the original container to the nurse. Students are not permitted to carry or self-administer over-the-counter or prescription medication without written parent or guardian permission and a doctor's written order. A student may self-carry and self-administer asthma medication with written parental permission where the parent provides the school with the prescription label containing the name of the medication, the dosage, and the circumstances under which it should be administered. A student may self-carry and self-administer an epinephrine auto-injector with written authorization from the student's physician and a written statement detailing the name and purpose of the medication, the dosage, and the circumstances under which it should be administered.

The parent/guardian of any student who is required to carry an asthma inhaler on his/her person must provide an Authorization to Dispense Medication form specifying that the student needs to carry the inhaler with him/her and must also provide a second inhaler that is kept in the nurse's office.

ReGeneration Schools abides by all Illinois immunization requirements. Each new student must have a certificate of immunization at the time of registration or no later than the first day of school. Parents/guardians must present documentation that their children have received all required doses of vaccines or are waiting to receive the subsequent doses at the appropriate time intervals. Parents seeking to waive the immunization requirement should submit their request to the school nurse. The nurse will review the request and will advise the Principal, who will make the final decision on whether to grant the waiver request.

As a public school, we are required by law to conduct hearing and vision screenings for every child, which requires parent consent. If you do not want your child participating in these screenings, please write a letter to the school nurse/school administration explaining your reasons. If parents do not consent to the school screenings, then it is their responsibility to ensure your child receives the required screenings and that proper documentation is provided to the school.

Smoke Free Illinois

In accordance with the Smoke Free Illinois Act, all ReGeneration Schools Campuses are smoke free. Smoking is prohibited on school grounds and within 15 feet of all entrances, exits, windows that open, or ventilation intakes.

Transportation Safety

Arrival and Dismissal

Students should not arrive at school earlier than 7:15 AM. At dismissal, students should leave the school building; attend after school tutoring or detention; or participate in an official school event such as an athletic team. Students who are not participating in one of the above activities must wait in the gymnasium, which is the designated late pick-up location, under the supervision of a staff member. Students may not wait outside without staff supervision. We ask for families to please cooperate with this policy to guarantee a safe, timely, and orderly environment for all students and families at dismissal. Parents or designees who arrive past 3:45 PM to pick up their scholar will do so at the Wood Street door and sign their child out with Security.

Students Who Walk

For students who walk to and from school, a number of streets must be crossed. Families should instruct students to use appropriate crossing lights at each intersection and to cross each intersection only when it is safe to do so within the designated crosswalks. ReGeneration encourages students who walk to travel together in groups. The school is happy to help parents identify other families who live near them for this purpose.

Ridesharing

Schools are charged with the responsibility of providing care and safety for students in the absence of parents. Because of this relationship, schools have a duty to protect students from known and foreseeable dangers on school campuses during school hours. We are duty-bound to ensure that students are discharged to the care of a responsible adult.

Ride sharing services such as Uber and Lyft have policies specifically prohibiting people under the age of 18 from using their apps or riding unaccompanied by an adult. ReGeneration Schools does not condone students leaving campus in ridesharing cars whose own policies prohibit minors from using them.

Parents are required to provide the school the names of authorized adults to whom students may be released. Since the identity of the rideshare driver is not known until the driver accepts the request, release to a rideshare driver would not be authorized.

Other Information & Policies

Student Belongings

Students who disrupt class for any reason are violating school rules. This rule applies to students' personal possessions as well. Items including, but not limited to, fidget spinner, game cards (Yugio Cards, Pokemon Cards, etc.), trading cards (baseball cards, football cards, etc.), portable electronic games, toys, make-up (lipstick, lip gloss), hats, CD players, mp3 players, laser pointers, beepers, pagers, portable electronic devices, and cell phones are not allowed in school.

Students who violate this rule will have their item(s) confiscated until the item(s) is picked up by a parent/guardian and will be subject to consequences. Repeated violations of this policy may cause personal property to be confiscated for a period of up to 30 days, irrespective of any costs or fees students and/or their families may incur as a result.

We encourage all students not to bring non-essential items of value (monetary or otherwise) to school because they cannot be securely stored.

Electronic Devices and Phones

Scholars are encouraged to leave all electronic devices and cell phones at home. If this is not an option, scholars who bring electronic devices and cell phones to school are required to follow the following procedure for safekeeping during school hours. Our goal is to provide a system to keep students' cell phones safe while helping them to stay focused on school work without distractions.

Every morning, scholars will power their phones off before entering the school. The phone will be placed in a plastic bin with a label identifying to whom the phone belongs. The homeroom teacher or designee will lock the closet where the phones are kept so no one can access the devices. During afternoon dismissal, the homeroom teacher/designee will open the closet and will hand back cellphones to each student.

Scholars who fail to follow this explicit procedure will receive the following consequences. If a student has a cell phone with him/her during the school day without permission, it will be confiscated and he/she will be sent to the dean's office. Once a cell phone is confiscated, a parent must pick it up.

Students will also receive the following consequences for having a cell phone during the school day without permission from the principal or dean:

- First Offense: \$20 scholar dollar cell phone deduction and send out
- Second Offense: \$20 cell phone deduction, and send out, and parent conference
- After the second offense, if the issue is not corrected, the student will receive a more severe consequence from the school leader.

Lost and Found

The school will keep a small lost and found box near the main office or with Campus Deans. Parents/guardians/families may come in any day between 7:40 AM and 4:00PM to search the Lost and Found for lost items. At the end of every Trimester, items left in the box may be donated to a local charity.

School Supplies

ReGeneration students will be provided school supplies at no cost to families. It is important that all scholars have uniform materials, therefore, we ask that all purchased school supplies remain at home. Parents are asked to provide a box of tissue, a roll of paper towel, and a container of disinfectant wipes.

Birthday Celebrations

Students are permitted to bring store-bought goodies or non-food items to be shared with classmates if the teacher is notified in advance and the snack adheres to the CICS School Health Standards.

This is referenced earlier in this handbook, but as a reminder, snacks must meet the following nutritional requirements in order to be distributed:

- 150 calories or less
- 35% of total calories from fat or less
- 10% of total calories from saturated fat or less
- 30g of sugars or less
- 230 mg of sodium or less per serving

Parents can notify the teacher by writing a note/email or calling the school. The treats must be prepared in individual servings. Treats can be shared at 3:00 p.m. Birthday celebrations cannot occur during lunch to avoid interference with our food service program. Individual goodie bags are permitted as long as every student in the scholar's class receives one.

If your child does not celebrate birthdays, or is not permitted to celebrate birthdays, please send a note to school in writing informing us that your child is not to participate in birthday celebrations.

Field Trips

Field trips are a part of ReGeneration Schools' educational program. We use field trips to enhance learning that is taking place in the classroom. However, attending these programs is a privilege and not a right. If a scholar does not uphold ReGeneration's core values, he/she may not be permitted to attend a field trip. If a field trip is scheduled while school is in session, the scholar will still be required to be in school. Failure to come to school will result in loss of the privilege to attend the next field trip and a mandatory parent conference.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, and activities. Individuals with disabilities should notify the building principal if they have a disability that will require special assistance or services

and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Parent Behavior

Parents are expected to model good behavior for their children. All concerns may be brought to the Principal and discussed professionally. However, ReGeneration Schools do not tolerate shouting, threats, or cursing by parents. Such behaviors will result in the principal limiting a parent's access to teachers and from visiting the school.

Student Records

The School recognizes the legal requirement to maintain the confidentiality of student records. Access to student records shall be consistent with federal and state statutes, including the Family Educational Rights and Privacy Act of 1974 (FERPA), the Illinois School Student Records Act, and their implementing regulations.

The School also recognizes its responsibility under the Local Government Records Law to ensure the orderly retention and disposition of the School's student records.

Appendix B of this Handbook notifies all parents of their rights under FERPA. The notice explains that the parent has a right to:

- 1) Inspect and review the student's education records;
- 2) Confidentiality with respect to personally identifiable information contained in a student's education records except:

If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Philosophy

The choice to send your child to ReGeneration Schools demonstrates your high hopes and expectations of your child, and us. We are committed to making your hopes and expectations a reality as we prepare your child for college. But we cannot do it without you.

Our success depends on the students, families, and teachers all fulfilling their roles.

School-Parent-Student Compact

Our virtues are at the heart of ReGeneration's community and represent the cornerstones of the school. It is expected that all students will try to live by the values outlined in the School Culture section of this manual.

Students are expected to act respectfully towards all students and staff and to make positive contributions to the school community. They are expected to attend school daily and punctually, to actively participate in all classes, and to complete all homework assignments. Finally, students are expected to accept and strive to learn from consequences for their behavior.

Parents and other family members are asked to uphold and support the school's mission, policies, and Code of Conduct. Even if individual decisions can be challenging at times, the Code of Conduct is established for the good of all. We ask that you ensure that your child arrives punctually each day, ready to participate and learn. We ask that you oversee your child's completion of all homework assignments nightly and that you communicate consistently with the school. Finally, we ask that you help reward your child for positive behavior and help him or her accept and understand consequences for poor behavior.

Teachers are expected to prepare engaging, demanding lessons in all classes, to assign and evaluate appropriate homework each night, and to guide students on the path to college. They are also expected to exemplify the school's virtues of respect, integrity, diligence, responsibility, compassion, and perseverance.

Parents, other family members, and teachers will communicate regularly to support students through monthly advisory phone calls, progress reports, report card conferences, and opportunities for parents and other family members to visit their child's classroom.

To underscore this commitment, we ask that students, parents and teachers sign the following Compact for Achievement.

Appendix D: COVID-19 Specific Procedures

The health and safety of the School community is paramount to the School. As such, individuals may be asked to self-quarantine or otherwise be restricted from access to the School in order to prevent the spread of illness. School closures will be addressed on a case by case basis in consultation with local, state and federal health officials.

All students, and their parents or guardians, staff, and volunteers must conduct daily health checks prior to going to the school building. At minimum, daily health checks should include taking an individual's temperature and assessing for any symptoms of Covid-19 infection. Per the current Centers for Disease Control and Prevention ("CDC") guidance, COVID-19 symptoms including the following*:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Persistent pain or pressure in chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea
- Repeated shaking with chills

*The list of possible symptoms may be updated as more is learned about COVID-19.

The School may also take student, staff, volunteer, and/or visitor, temperatures as they enter the building. **Anyone with one or more COVID-19 symptoms or a temperature equal to or above one hundred degrees Fahrenheit (100°F) must stay home and should notify the School immediately.**

If a student, staff, or volunteer begins to show symptoms or has a temperature above 100°F while at the school building, they must immediately be separated, given a face covering, and monitored by a staff member wearing appropriate personal protective equipment (“PPE”) and maintaining physical distance when possible. The space where an individual waits before he or she goes home should be separate from the nurse’s office and other areas students are likely to visit, and have its own bathroom, if possible. Areas of the building that were occupied by the person exhibiting symptoms should be thoroughly sanitized. If the infected individual is a student, the student’s parent will be informed of the suspected infection and of the immediate isolation from classes. If other members of the student’s household attend School, the Principal or his/her designee or school nurse shall also isolate these students to question for symptoms. Infected individuals and other members of the individual’s household in the School will be required to leave the building with a parent or guardian as soon as possible.

School personnel will refer those displaying symptoms of COVID-19 to an appropriate health care professional or testing site. Local health departments will be contacted in the case of positive or suspected COVID-19 cases in the School building. Local health professionals can help the School to identify potentially infected or exposed individuals and assist with appropriate notifications.

Students, staff, or volunteers who have been exposed to an individual who tested positive for COVID-19 must stay home and follow quarantine and other recommendations from local public health officials and their medical provider. If the individual who has been exposed does not have symptoms, they should nonetheless remain home for fourteen (14) days from the date of exposure due to the possibility of asymptomatic transmission of COVID-19.

Staff, volunteers, support workers, and students who have suspected or confirmed COVID-19 cannot return to the school building until they meet CDC criteria for return to school. Individuals who test positive for or are suspected to have COVID-19 must experience an improvement in symptoms and isolate for a period of time before returning to school per CDC criteria.

The School should be alert for signs and symptoms of COVID-19 in students, staff, support workers, and volunteers. Those who travel may be asked to self-quarantine pursuant to federal, state and local guidance and directives. The School shall not discriminate on the basis of race or national origin when identifying suspected instances of COVID-19.

The School will follow all orders regarding the reporting of known or suspected COVID-19 infections, including reports to the local department of public health, to specific individuals who may have been exposed to infection, and school-wide notices of infections.

The School shall contact and follow the advice or guidelines of the health department, hospital emergency department, and Center for Disease Control when faced with dealing with disposal of waste materials used by the infected person. Absent guidance from health authorities, waste items shall be placed in a lined container before disposing of them. Anyone who handles waste items shall wear appropriate PPE and immediately wash hands or use an alcohol based hand sanitizer after touching the items.

The School shall follow the advice of federal, state and local officials regarding cleaning of surfaces and materials in order to kill any virus. The School will clean surfaces frequently, paying close attention to high touch areas and shared materials, and make sanitation wipes or disinfectants labeled for use against COVID-19 (also known as SARS-CoV-2) available in each room and common space.

Students, staff and volunteers should practice frequent handwashing for at least twenty (20) seconds, at minimum when hands are dirty, before and after eating, and after using the restroom. Opportunities throughout the day will also be provided for handwashing. To supplement handwashing, the School will provide hand sanitizer (60% to 95% alcohol based) in high traffic areas including entrances to buildings and classrooms and instruct students and staff to use the sanitizer. Additionally, staff, students, and volunteers should avoid touching their mouths, noses, and eyes since the virus easily enters the body through these membranes.

Regular cleaning of the School facilities, including disinfecting of “high-touch” surfaces (e.g., counters, tables, desk tops, doorknobs, bathroom fixtures, toilets, phones, computers, light switches, etc.), will be observed. The School will use cleaning products usually used in these areas and follow the directions on the product’s label, unless notified otherwise by a qualified local, state or federal authority.

The School shall follow any directions provided by emergency medical or other healthcare providers, law enforcement, or fire department, or local, state, and federal public health officials. The School will also monitor the guidance issued by the Ohio Department of Health, the Ohio Department of Education, local health authorities, and the CDC, and will update its protocols as necessary.

This appendix shall only be applicable to the extent that these procedures do not differ from the School’s existing emergency management plan or any directives given by local, state or federal officials.

CHICAGO INTERNATIONAL CHARTER SCHOOL STUDENT CODE OF CONDUCT

The Chicago International Charter School ("CICS") expects all students to conduct themselves in a socially responsible manner. CICS takes a preventative, positive approach to discipline whenever possible rather than focusing exclusively on punishment. Disciplinary measures are used to maintain a safe and orderly school environment, which promotes CICS' philosophy of providing a college preparatory education for all students. CICS responds to misbehavior with a multi-tiered system of supports for students' social, emotional, and behavioral needs which includes behavioral interventions as well as disciplinary consequences aimed at teaching expected positive behaviors, understanding and addressing the root causes of the misbehavior, resolving conflicts, meeting students' needs and keeping students in school. CICS addresses misbehavior on an individual basis and considers the student's individual circumstances and any mitigating factors.

The CICS Student Code of Conduct ("SCC") applies to students at all times during the school day, before and after school, while on school property, while traveling to and from school or a CICS sponsored event, while wearing CICS attire, at all CICS sponsored events, while using the CICS network, and when the actions affect the mission of CICS.

The CICS Student Code of Conduct also applies for severe acts of misconduct (Group 5 or 6 behavior), which occur off-campus or during non-school hours, and the severe act of misconduct disrupts the safe, secure and positive learning environment and poses a threat to the orderly education process at CICS. This also includes seriously inappropriate behavior on social networking websites that disrupts the orderly educational process at CICS.

Each discipline case will carry its own merit and will be adjudicated per the facts accompanying the case. CICS' staff shall consider all mitigating circumstances prior to disciplinary action. Mitigating circumstances shall include, but are not limited to, the following:

- Age, health, maturity, and academic placement of a student
- Prior conduct
- Attitude of a student
- Cooperation of parents or guardian
- Willingness to make restitution
- Seriousness of offense
- Willingness to enroll in a student assistance program

In some cases, CICS, with parent/guardian consent, may deem screening and referrals for drug/alcohol counseling as a necessary component of the disciplinary action. Loss of privileges and community service may also be considered. Community service, with parent/guardian consent, may include, but is not limited to, the following:

- Repairing or cleaning property damage as a result of the offense;
- Participating in landscaping, gardening, or cleaning inside the building or of the school grounds;
- Participating in projects that beautify the school, surrounding property, or the community;
- Providing services that improve the lives of community members.

- read and become familiar with the CICS's Student Code of Conduct; and
- be told the reasons(s) for any disciplinary action and allowed to tell their side of the story before receiving a consequence.

Parents/Guardians have the right and responsibility to:

- be actively involved in their child's education;
- be treated fairly and respectfully by CICS staff;
- be respectful and courteous to CICS staff;
- be respectful of other students' privacy rights;
- be informed of their child's attendance, academic performance and behavior concerns;
- receive information and prompt notification of inappropriate or disruptive behaviors by their child and any disciplinary actions taken by CICS staff;
- assure their child brings to school only those things that are appropriate in a school setting;
- work with CICS staff to address any academic or behavioral concerns regarding their child; and

- be notified promptly if their child is disciplined for inappropriate or disruptive behavior and informed of the consequences assigned.

CICS Staff have the right and responsibility to:

- work in a safe and orderly environment;
- be treated courteously and respectfully;
- treat students and parents/guardians fairly and with respect;
- teach, re-teach and model clear behavioral expectations to all students;

- identify and respond effectively to students' social, emotional, and/or behavioral health needs, including referring students for additional support when necessary; and
- enforce CICS policies, rules, and Student Code of Conduct, including preventive and positive disciplinary policies.

Each category of offense listed below has a minimum and maximum disciplinary action associated with it and is proportionate to the offense. After considering the actual disciplinary violation and factors such as those listed above, CICS staff shall determine the disciplinary action within the minimum/maximum range to which the student shall be subjected.

Categories of offenses are listed in six different groups, according to the degree of disruption to the learning environment.

- **Group 1** lists behaviors that are inappropriate.
- **Group 2** lists behaviors that disrupt.
- **Group 3** lists behaviors that seriously disrupt.
- **Group 4** lists behaviors that very seriously disrupt.
- **Group 5** lists behaviors that most seriously disrupt.
- **Group 6** lists behaviors that are illegal and most seriously disrupt.

SPECIAL NOTES

Cellular Phones and Other Information Technology Devices

A principal may allow students to possess cellular phones or other information technology devices by creating a school policy identifying when the items may be authorized, used, and how they must be kept. These include, but are not limited to: computers, cellular phones, smart watches used to exchange or access information, pagers, and personal digital assistants or handheld devices, that are used to access the internet, electronic mail or other information sites and that may or may not be physically connected to the network infrastructure.

A principal may also prohibit cellular phones and other information technology devices but allow individual students to possess them for any good cause after considering a written request from a parent/guardian. If a principal denies a parent/guardian's request, the parent may appeal to the CICS Chief of Schools or their designee. Unless approved by the principal, cellular phones and other information technology devices are not allowed at school.

School Dress Codes and Uniform Policies

Each campus may adopt a dress code policy that forbids students from wearing certain items or a uniform policy that requires students to wear a specific uniform. Dress codes and uniform policies should be gender-neutral and cannot prohibit hairstyles or head coverings historically associated with race, ethnicity, religion or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. Students who fail to follow a school's dress code or uniform policy may be given detentions or excluded from extracurricular activities, but may not be barred from attending class. A student may receive additional consequences for violating a school's dress code or uniform policy if the student's dress disrupts or may disrupt the educational process. For example, a student may receive a consequence for wearing clothing or accessories that display gang affiliation.

Bias-based/Discriminatory Behavior

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bias-based behaviors, including racism and all forms of discrimination on the basis of actual or perceived membership of a protected category, are directly contrary to this and can cause physical, psychological, and emotional harm to students and interfere with their ability to learn and participate in school activities.

School administrators and designees should refer to the [CICS Anti-Bullying Policy](#) included in this handbook for instructions on addressing all allegations of bullying or Bias based behaviors by students. In the event that an investigation substantiates an allegation of Bias-based behavior, school leaders or designees should assign relevant SCC codes, restorative interventions, applicable consequences, and seek to identify and disrupt the systems and structures in our schools that allow discrimination to occur.

Dating Violence and Domestic Violence Statement

Any campus staff member who is notified by a parent, guardian or student, or who suspects that a student has been the victim of dating violence shall immediately report that information to the principal/designee. Dating violence is defined as violent, controlling, or intimidating behavior that an individual uses against a current or former dating partner. It can include emotional, physical and sexual abuse, stalking, yelling, harassing, threatening, name-calling, threats of suicide, obsessive phone calling or text messaging, extreme jealousy and

possessiveness. Domestic Violence is defined as: a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the complainant; by a person with whom the complainant shares a child in common; by a person who is cohabitating with, or has cohabitated with, the complainant as a spouse or intimate partner; by a person similarly situated to a spouse of the complainant under the domestic or family violence laws of Illinois; by any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of Illinois. To categorize an incident as Domestic Violence, the relationship between the respondent and the complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship. These allegations or suspicions should be reported to the Office of Student Protections and Title IX immediately. The principal shall ensure that the student victim of dating violence or domestic violence receives appropriate support services.

Group 6 - Available Interventions and Consequences

- Maximum of 10 days, out-of-school suspension, per violation
- Clinical services referral
- Referral to referral to DCFS (Department of Children and Family Services)
- Referral to SASS (Screening Assessment & Support Services)
- Substance abuse treatment/prevention
- peer conference/peer mediation/ skills building
- Skill building In-school suspension
- A student- teacher-parent/guardian conference
- Subject to the maximum penalty of expulsion from CICS schools for a period of up to 2 calendar years.
- Students may be subject to out-of-school suspension for three days or less when/if a student's continuing presence in school would:
 - Pose a threat to the safety of other students, staff or members of the school community, or
 - Disruption to the operation of the school.
- The degree of the suspension, whether Skill building in-school or external, as well as length of suspension, shall be determined by CICS' Board of Directors or Board Designee.
- As a supplement and/or alternative to suspension, school staff may require students to complete between three and 12 hours of public service, with parent/guardian consent, as commensurate with the seriousness of offense(s).
- Students in grades Kindergarten through second ("K-2") may not be assigned out-of-school suspensions. If a K-2 student exhibits behavior that presents imminent endangerment to the physical, emotional, or mental safety of specific students and/or staff, the Charter School's CEO/Executive Director may grant an exception and assign an emergency one-day out-of-school suspension after the student's parent/guardian has been notified

* Behaviors marked with a single asterisk indicate that the misconduct is a violation of the law.

SUSPENSION AND EXPULSION

Definitions

Skill-Building In-School Suspension: A skill-building in-school suspension is the removal of a student from his/her regular educational schedule, for more than 60 minutes of the school day, to an alternative supervised setting inside the school building to engage in structured activities that develop academic, social, emotional, and/or behavioral skills.

A student in grades third through twelfth may be assigned a skill building in-school suspension if:

- 1) Skill building in-school suspension is listed as an available consequence for the SCC behavior category, and
- 2) The student was informed of their reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and
- 3) A copy of the misconduct report was (generated in the CICS Student Information system) was provided to the student's parents/guardians

Out-of-School Suspension: An out-of-school suspension is the removal of the student from class attendance or school attendance. When a student is removed from school in response to an inappropriate behavior, the removal counts as the first day of an out-of-school suspension.

A student in grades third through twelfth may be assigned an out-of-school suspension if:

- 1) Out-of-school suspension is listed as an available consequence for the SCC behavior category, and
- 2) The principal or designee determines that the student's attendance at school presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff and this threat is documented in the District student information system, or
- 3) The principal or designee determines that the student's behavior has caused chronic or extreme interruption to other students' participation in school activities and prior interventions have been utilized and documented in the District student information system, and
- 4) The student was informed of his/her reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and
- 5) A copy of the misconduct report (generated in the CICS student information system) was provided to the student's parents/guardians.

A student serving out-of-school suspension is not allowed to come onto school property, participate in extracurricular activities, or attend school-sponsored events. A student may be considered trespassing if he or she comes onto school grounds while suspended out of school. Out-of-school suspensions are excused absences. The principal must ensure that a student serving suspension is able to obtain homework, and upon the student's return, provided with the opportunity to make up any quizzes, tests, special projects, or final exams given during the period of suspension. A student serving suspension must be allowed to take state assessments at school and may participate in test preparation activities with School Director approval. The student's attendance will still be marked as suspended. The School Director must approve any other exception to the out-of-school suspension guidelines.

Students in grades pre-kindergarten through second may NOT be assigned Skill building in-school or out-of-school suspensions. If a student in pre-kindergarten through second grade exhibits behavior that presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff, the CICS Managing Director of Governance or designee may grant an exception and assign an emergency one-day in-school or out-of-school suspension after the student's parent/guardian has been notified. During the suspension, the principal or designee must develop a plan addressing the safety of students/staff and including strategies for preventing future behavior incidents, restoring relationships, and addressing the student's ongoing social, emotional, and academic needs.

Expulsion: Expulsion is the removal of a student from school for 11 or more consecutive days, up to a maximum of two calendar years.

- If a student's inappropriate behavior falls within Group 5 of the SCC, a school principal may request an expulsion hearing for the student. A school principal may also request assignment to an intervention program.
- If a student's inappropriate behavior falls within Group 6 of the SCC, the incident will be automatically referred for Student Adjudication review for a student in 6th through 12th grade or for any student violating section 6-1; a school principal may request an expulsion hearing for a student committing any other Group 6 behavior.
- The CEO's designee will review the expulsion hearing request and determine whether to move forward with an expulsion hearing, refer the student to an intervention program, or refer the student back to the school for intervention/support.

Procedural Safeguards and Re-engagement Procedures

When a student's misconduct results in the need to suspend, or expel the student, the following procedures shall be followed:

- A. Suspension Not Exceeding Ten School Days: Students suspended for ten school days or less shall be afforded due process in the following manner:
 - The school director, assistant director, or dean of students of the school meet with the student to discuss, investigate, and assess the situation.
 - If a student is found to have violated the Code of Conduct in a manner that

warrants suspension, the student's infraction will be logged in PowerSchool or the appropriate Student Information System. The school director, assistant director, or dean of students of the school determines the duration of the suspension and whether the suspension is served Skill building in-school or out-of-school.

- The school director, assistant director, or dean of students of the school shall immediately notify the student's parent or guardian of the situation and the disciplinary action with a full written statement of specific misconduct, rationale for duration of suspension, and notice to parents/guardians of their right to review. The school director, assistant director, or dean of students of the school shall be available for a follow-up conference with the family, if requested.
- A behavioral contract containing specific behavior expectations may be drawn up and signed by the student, parent/guardian and school director, assistant director, or dean of students of the school during a re-engagement meeting. In developing a re-engagement plan, the school director, assistant director, or dean of students of the school, will consider ways to prevent future school suspensions, forms of restorative action and supportive intervention strategies to aid in the student's academic success.
- The school director, assistant director, or dean of students of the school must facilitate a re-engagement meeting for students who are returning from out-of-school suspension, expulsion, or from an alternative school setting and or hospital stay.
- The school director, assistant director, or dean of students of the school will determine whether parent attendance at a re-engagement meeting is recommended or mandatory. Parents are welcomed to attend all re-engagement meetings involving their students.
- Students can make up work following their suspensions. Upon returning to school, it is the student's responsibility to make up work in a reasonable time proportional to their suspension.
- Students are allowed to respond to allegations prior to suspension.
- The school Board or its designee will be provided all information and summaries for suspensions and expulsions.
- For out-of-school suspensions for longer than 4 school days, the school will note in the suspension notice whether support services are to be provided during the period of suspension or whether it was determined that there are no such appropriate and available services.
- Within the suspension or expulsion decision, school will document whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.
- A pupil who is suspended in excess of 20 school days may be immediately transferred to an alternative program in the manner provided by the Illinois School Code.
- It is prohibited that any school encourage any student to drop out.
- The student shall be given oral or written notice of the charges against him/her;

an explanation of the basis for the accusation; and a chance to present his/her version of the incident, in writing, to the campus director.

If unsatisfied with the response of the campus director, the student and guardian may appeal and present his/her version of events to the appropriate administrative officer of the school management organization that manages the campus on behalf of the Chicago International Charter School.

Any suspension shall be reported immediately to the parents or guardian of a pupil along with a full written statement of the reasons for such suspension and a notice of their right to review and appeal. The school board or its designee must be given a summary of the notice, including the reason for the suspensions and suspension length. Upon the receipt of an appeal request of the parents or guardian, the school board or hearing officer appointed by it shall review such action of the school director, assistant director, or dean of students. At such review, the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the writing report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection, the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension.

- B. Expulsion: Students expelled as a result of gross disobedience or misconduct shall be afforded due process in the following manner:
- CICS will request that the student's parents or guardian appear before the CICS Board of Directors or a hearing officer appointed by it. Such requests will be made by registered or certified mail and state the time, place, and purpose of the meeting. In addition to advanced written notice of the hearing, the student shall be afforded sufficient time to prepare for the hearing, the right to be represented by counsel, and the right to present evidence.
 - The expulsion hearing need not take the form of a judicial or quasi-judicial hearing. In no event shall a hearing be considered public. Further, at the discretion of the Board, the hearing may be closed to those individuals deemed advisable, except the student, the student's parents or guardians, the student's attorney, at least one school official, and the Board's attorney at all times. Witnesses shall be admitted to a closed hearing only to the extent necessary to testify. In order for another student to act as a witness, signed written consent of that student's guardian must be obtained prior to the meeting. The following procedures will be included in an expulsion hearing: school presents more than hearsay evidence to prove allegations, parents/guardians and students are allowed to present evidence and cross-examine witnesses, and separation exists between staff members conducting the expulsion, hearing officer and decision-maker.
 - The board/board designee, or a hearing officer appointed by it, at such a meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective.

- If a hearing officer is appointed by the board, he/she shall report to the board a written summary of the evidence heard at the meeting and the board may take such action hereon as it finds appropriate.
- If the board/board designee acts to expel a pupil, the written expulsion decision shall detail the specific reasons why removing the pupil from the learning environment is in the best interest of the school.
- The expulsion decision shall also include a rationale as to the specific duration of the expulsion.
- An expelled pupil may be immediately transferred to an alternative program in the manner provided by the Illinois School Code, working in conjunction with the CPS Office of Student Adjudication for school placement.
- A pupil will be expelled for a duration of one year, adjusted on a case by case basis, for bringing the following items to school; firearm, look-alike firearm, knife, brass knuckles, or other knuckle weapon, billy club or any other object used or attempted to be used to cause bodily harm.

Students in grades Kindergarten through sixth ("K-6") may not be expelled. If a K-6 student exhibits behavior that presents imminent endangerment to the physical, emotional, or mental safety of specific students and/or staff, the Charter School's CEO/Executive Director may grant an exception and assign an emergency expulsion after parents have been notified.

If a general education student is expelled from CICS, the student may not return to any CICS campus for a definite period not to exceed 2 calendar years. The length of the expulsion will be determined on a case-by-case basis by the CICS Board/Board Designee based on the evidence in each individual case and any mitigating factors. The CICS Board/Board Designee may expel a student with disabilities for a definite period not to exceed 2 calendar years, as determined on a case by case basis only if the procedural safeguards outlined in the next section are followed. If a parent/guardian and/or student wishes to appeal the expulsion from CICS, there are two options. First, the parent/guardian and/or student may appeal in writing by sending a letter to the CICS Board of Directors before the next regularly scheduled board meeting stating why the parent/guardian and/or student feel the expulsion decision should be overturned. The appeal letter must be received by the date given in the expulsion notice and should be addressed and sent to the Chicago International Charter School office at 11 E. Adams, Suite 600, Chicago, Illinois 60603. Second, the parent/guardian and/or student may request a meeting with the CICS Board Executive Committee to appeal. If you plan to appeal in person, please call 312-651-5000 or email contact@chicagointl.org to schedule an appeal. The Board will then discuss the student and expulsion decision during the executive session and will notify the parent/guardian and student in writing of its decision.

PROCEDURAL SAFEGUARDS FOR DISCIPLINE OF STUDENTS WITH DISABILITIES/IMPAIRMENTS

All procedural safeguards contained in the SCC and this section are equally applicable to those students with 504 plans. For more information, see ISBE [Notice of Procedural Safeguard for Parents/Guardians of Students with Disabilities](#) (November 2018).

School officials may suspend students with disabilities/impairments and cease educational services for a total of up to 10 consecutive or 10 cumulative school days in one school year without providing procedural safeguards. Saturday, and before- and after-school detentions do not count toward the

10-day limit. Additionally, if students with disabilities continue to participate in the general education curriculum, continue to receive their IEP services, and continue to participate with non-disabled peers to the same extent as specified in the IEPs, Skill building in-school suspensions and lunch detentions do not count toward the 10-day limit. Federal regulations offer some flexibility in suspending students with disabilities more than 10 school days in the school year in certain circumstances. In order to determine whether the circumstances permit a suspension more than 10 days per school year, consultation by the school with the Department of Procedural Safeguards and Parental Supports (773/553-1905) is necessary. Without such consultation and approval from the Department of Procedural Safeguards and Parental Supports, the 10-school day limit on out-of-school suspensions will continue to apply.

When school officials anticipate a referral for expulsion, the following apply:

1. School must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of an Individualized Education Program (IEP) Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to request the expulsion hearing. CICS must also provide a parent/guardian/surrogate with a written copy of the Notice of Procedural Safeguards.
2. The IEP team must:
 - a. Determine whether the misconduct is related to the student's disability by reviewing all current and relevant information, including evaluation and diagnostic results, information from the parent/guardian, observations of the student, and the student's IEP. The behavior is a manifestation of the student's disability if:
 - i. The conduct in question was caused by the student's disability or has a direct and substantial relationship to the student's disability; and/or
 - ii. The conduct in question was the direct result of the school's failure to implement the student's IEP.
 - b. Review, and revise if necessary, the student's existing behavior intervention plan or develop a functional behavior assessment and behavior intervention plan (FBA/BIP) to address the misconduct. The behavior intervention plan (BIP) must address the misconduct for which the student is being disciplined.

If the student's behavior is not a manifestation of the disability, school officials may apply the code of conduct, taking into consideration the student's special education and disciplinary records. In no event, however, may the student be suspended for more than 10 consecutive or cumulative school days in a school year without providing appropriate educational services.

If the student's behavior is a manifestation of the disability, a disciplinary change in placement (expulsion) cannot occur. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

All MDRs are subject to legal review by the Department of Procedural Safeguards and Parental Supports.

Sexual Misconduct

Protection under Title IX, a federal law that requires schools to prevent, recognize, and respond to sexual violence, sexual harassment, and discrimination on the basis of sex and/or gender. Under this law:

- Students are guaranteed freedom from sexual harassment and/or sexual violence.
- Students are guaranteed the freedom to report an incident to school or police (and to receive a prompt and fair answer).
- If a student is experiencing gender-based discrimination, sexual harassment, or other sexual misconduct they can file a report with the school, SMO or CICS network staff and the OSP at 773-553-4400. If it is an emergency, call 911.

School, SMO and CICS Network employees must take additional steps to report signs of student abuse including calling the Illinois Department of Children and Family Services and the Office of Inspector General.

If school administrators are made aware of a criminal act of sexual misconduct that is in progress, they must contact CPD. When made aware of an allegation of sexual misconduct, including but not limited, sexual harassment, sexual bullying, sexual assault, dating violence, or discrimination related to sex, sexual orientation, gender, or gender expression, contact the Office of Student Protections and Title IX at (773) 535-4400 to assist in assessing whether police notification is needed. DCFS mandatory reporter obligations are separate from reporting to CPD and must always be followed; please consult the Policy on Child Abuse and Neglect if needed.

The inappropriate behaviors that are clear violations of criminal law are identified in the next section with an asterisk (*) before the specific inappropriate behavior. The inappropriate behaviors that may be violations of criminal law are identified in the next section with a double asterisk (**) before the specific inappropriate behavior.

School officials must assess the situation before determining whether or not to contact CPD to report a criminal act. School officials should consider factors including: Whether the student distributed or was in possession of illegal drugs, narcotics, controlled substances, or “look-alikes” of such substances. If so, CPD must be notified.

- Whether the student was in possession of a firearm.² If so, CPD must be notified.
- The severity of the criminal violation and the degree of harm to the school community, • Whether a person was physically injured as a result of the student’s conduct,
- Whether the student presents an imminent danger to the health, safety, or welfare of others, and
- The student’s age. For a student in fifth (5th) grade or below, school staff must consult with the Managing Director of Governance(312-651-0001) prior to reporting the act to CPD.

Once school staff members contact CPD, the responding police officers ultimately will determine whether or not to investigate, arrest, and/or take any other steps in response. School principals and staff do not have the authority to decide whether a student will be arrested. Moreover, responding police officers do not have the authority to decide whether a student will receive interventions or consequences at school. The school principal will use the SCC to determine the appropriate intervention(s) and/or consequence(s) to address a student’s behavior.

Chicago International Charter School Anti-Bullying Policy

Purpose

A safe and civil school environment is necessary for students to learn and achieve. Chicago International Charter Schools (CICS) promotes a safe and secure learning environment for all students and takes allegations and reports of bullying very seriously. If you suspect your child is being bullied, please contact an administrator or your child's teacher. The sooner the school knows, the sooner the school can intervene and work to improve the situation.

Bullying can cause physical, psychological, and emotional harm to students and can interfere with their ability to learn and participate in school activities. The CICS Board, in conjunction with all CICS campus staff, work to provide a non-threatening and non-violent environment for all students.

The definitions for 'bullying' and 'cyber-bullying' are found on the next page of this document.

The bullying of one student by another student on school property, in school vehicles, at designated school bus stops, at school related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology or devices of a local school system is prohibited.

CICS and school leadership asks every CICS student, with the support of his/her parent(s), guardian(s) and the adults at school, to commit to the following principles, which will apply to everyone on school property and at school-related activities:

- I will not bully others.
- I will try to help anyone I suspect is being bullied.
- I will work to include students who are left out.
- If someone is being bullied, I will tell an adult at school and an adult at home.

Bullying is contrary to Illinois law and this Policy is consistent with the Illinois School Code. This Policy protects CICS students against bullying and harassment on the basis of actual or perceived race or ethnicity, color, religion, sex, national origin or immigration status, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender or sex (includes gender identity, gender expression, pregnancy, childbirth, breastfeeding, and pregnancy related medical conditions), genetic information, unfavorable discharge from military service, political belief or affiliation, or on the basis of a person's association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic. The Board recognizes the particular vulnerability of students with actual or perceived disabilities and those who identify as or are part of the lesbian, gay, bisexual, and transgender community. Nothing in this Policy is intended to infringe upon any expression protected by the First Amendment to the United States Constitution or Section 3 of Article I of the Illinois Constitution.

Bullying and harassment is prohibited:

1. during any school-sponsored or school-sanctioned program or activity;
2. in school, on school property, on school buses or other Board-provided transportation, and to and from school while in school uniforms.
3. through the transmission of information from a CICS computer or computer network, or other electronic school equipment;
4. when communicated through any electronic technology or personal electronic device while on school property, on school buses or other CICS provided transportation, at bus stops, and at school-sponsored or school-sanctioned events or activities;
5. when it is conveyed that a threat will be carried out in a school setting, including threats made outside school hours with intent to carry them out during any school-related or sponsored program or activity or on Board-provided transportation; when it is a CICS

Student Code of Conduct (SCC) Category II behavior that occurs off campus but seriously disrupts any student's education.

Definitions

"Bullying" means any severe or pervasive (repeated over time) physical or verbal actor conduct, including communications made in writing or electronically, directed toward a student or students, that has or can be reasonably predicted to have one or more of the following effects:

1. placing the student in reasonable fear of harm to the student's person or property;
2. causing a substantially detrimental effect on the student's physical or mental health;
3. substantially interfering with the student's academic performance; or
4. substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Bullying behaviors may also qualify as other inappropriate behaviors listed in the CICS Student Code of Conduct. When deciding whether inappropriate behavior constitutes bullying, administrators should consider the student's intent, the frequency or recurrence of the inappropriate behavior, and whether there are power imbalances between the students involved. While bullying is often characterized by repeated acts, sometimes a single incident constitutes bullying depending on the student's intent and power imbalances.

"Cyber-bullying" means using information and communication technologies to bully. This definition does not include cyber-bullying by means of technology that is not owned, leased, or used by the school district, unless an administrator or teacher receives a report that bullying through this means has occurred. This policy does not require a district or school to staff or monitor any non-school-related activity, function, or program. The school is not responsible for cyber bullying that occurs off of school property. CICS asks parent(s) and/or guardian(s) to monitor personal devices at home to ensure that students are not engaging in cyber bullying.

"Retaliation" means any form of intimidation, reprisal or harassment directed against a student who reports bullying, provides information during an investigation, or witnesses or has reliable information about bullying.

"Peer Conflict" means disagreements and oppositional interactions that are situational, immediate and developmentally appropriate. When school employees are aware of peer conflict, they are expected to guide students in developing new skills in social competency, learning personal boundaries and peaceably resolving conflict, and to model appropriate social interactions. These interventions are designed to prevent Peer Conflict from escalating to Bullying. A peer conflict is an argument or disagreement between two students. They typically are not recurring situations where one student is taking advantage or hurting another.

Responsibilities of Students, Parents and Guardians

No student who witnesses bullying may stand by or participate in the bullying, but must notify an adult at school and an adult at home as quickly as practicable. Any parent or guardian who witnesses or is notified of bullying has an obligation to advise the Director /Designee as quickly as possible. Reports can be submitted to the CICS Director/Designee (contact information for the Director/Designee is available on the CICS Campus website). Bullying report template can be found in Attachment A. Every report MUST be captured in PowerSchool for reporting purposes in accordance with state law. No disciplinary action will be taken on the sole basis of an anonymous report. Parent(s) and/or guardian(s) are asked to monitor their children's personal devices at home to ensure that they are not engaging in bullying and/or cyber-bullying, via Facebook, Instagram and other social media.

Investigation

1. Ensure safety. The Principal or his/her designee will provide immediate support to any targeted student(s) to ensure safety.
2. The Director shall select a campus representative knowledgeable about bullying prevention and intervention to perform the investigation.
3. Investigation of a bullying incident to the maximum extent possible shall be initiated within five school days of receipt of a report and completed within 10 school days, unless the Director grants an additional 5-day extension due to extenuating circumstances. The Director/Designee shall document the extension in the investigation report and shall notify the parties involved. Designee shall notify the Director upon completion of the investigation reports as soon as possible.
4. The investigation shall include:
 - a. Identifying the alleged perpetrator(s), target(s) and bystander(s), as well as any adult who witnessed the incident or may have reliable information about it.
 - b. Conducting an individual interview in a private setting with the alleged perpetrator and target. The alleged perpetrator and target should never be interviewed together or in public. Individual interviews may also be conducted in private with student and adult bystanders.
 - c. Determining how often the conduct occurred, any past incident or continuing pattern of behavior, and whether the target's education was affected.
 - d. Assessing the individual and school-wide effects of the incident relating to safety, and assigning school staff to create and implement a safety plan that will restore a sense of safety for the target and other students who have been impacted.
 - e. When appropriate, prepare a Misconduct Report prepared by the campus identifying his/her recommendation for individual consequences.
5. Document the details of the investigation.

6. All relevant information shall be transmitted into PowerSchool for tracking purposes in accordance with the guidelines, including information identifying the areas of the Campus where bullying occurred, the type of bullying utilized and any bystander intervention or participation.

Notification

On the same day the investigation is initiated, consistent with federal and state laws and rules governing student privacy rights, the Director/Designee shall report to the parent/legal guardian of all known involved students, via telephone, personal conference and/or in writing, the occurrence of any alleged incident of bullying, and shall document these notifications in the Incident Report in PowerSchool. Upon notifying the parent/legal guardian of the occurrence of any alleged incident of bullying, the Director/Designee shall also discuss with the parent/legal guardian, as appropriate, the availability of social work services, counseling, school psychological services, other interventions and restorative measures. When the investigation is complete, the Director/Designee shall notify the parents/legal guardians of all students involved of the outcome of the investigation. Parents/legal guardians of the students who are parties to the investigation may request a personal conference with the school director/Designee to discuss the investigation, the findings of the investigation, the actions taken to address the reported incident of bullying, and any resources available in or outside the school to help the students address the underlying reasons for the bullying. If the investigation results in the imposition of consequences, the Director/Designee may advise the parent/legal guardian of students other than the perpetrator that the CICS Student Code of Conduct was followed. S/he may not advise them of the specific consequence imposed, as that would violate the confidentiality of school-record information required by law.

If the target or perpetrator is a student with a disability, the school shall consider convening the IEP Team to determine whether additional or different special education or related services are needed to address the student's individual needs and revise the IEP accordingly.

Assigning interventions and/or Consequences

Many peer conflicts can be resolved immediately and do not require reporting or creation of a Misconduct or Incident Report. If, however, a conflict is ongoing and meets the definition of bullying, the investigation procedures in this policy must be followed.

Schools must respond to bullying in a manner tailored to the individual incident, considering the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance. CICS campuses should avoid using punitive discipline (detention, suspensions, and expulsions) if any other method or restorative consequence can be used with fidelity.

“Restorative measures” means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that

- (i) are adapted to the particular needs of the school and community,
- (ii) contribute to maintaining school safety,
- (iii) protect the integrity of a positive and productive learning climate,
- (iv) teach students the personal and interpersonal skills they will need to be successful in school and society,
- (v) serve to build and restore relationships among students, families, schools, and communities, and
- (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.
- (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the Illinois Human Rights Act.

When an investigation determines that bullying occurred, the Director/Designee shall explain the consequences in a non-hostile manner, and shall impose any consequence immediately and consistently. The Director/Designee shall keep communicating and working with all parties involved until the situation is resolved. Some key indicators of resolution include:

- The perpetrator is no longer bullying and is interacting civilly with the target.
- The target reports feeling safe and is interacting civilly with the perpetrator.
- School staff notices an increase in positive behavior and social-emotional competency in the perpetrator and/or the target.
- School staff notices a more positive climate in the areas where bullying incidents were high.

CICS prohibits reprisal or retaliation, in any form, against any person who reports an act of bullying or harassment or cooperates in an investigation. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the Director/Designee after consideration of the nature, severity and circumstances of the act.

CICS prohibits any person from falsely accusing another as a means of bullying or harassment. The consequences and appropriate remedial action for a person found to have falsely accused another as a means of bullying or harassment may include, but are not limited to, positive behavioral interventions and disciplinary action when deemed necessary.

Referrals

Upon completion of the investigation, the Director/Designee shall consider referring students who bully to positive-behavior small-group interventions (for anger management, trauma or social skills), social work services, restorative measures, social-emotional skill building, counseling, community-based services or school psychological services within the school, if possible, to reinforce the behavioral expectation they violated and increase their social-emotional competency.

Following a bullying incident, school staff will be assigned to create and implement a plan that will restore a sense of safety for the targeted student and other students who have been impacted. The team will then determine any other interventions that may be appropriate. Upon completion of the investigation, the Director/Designee shall consider asking a school mental health professional to refer these students to individual or group therapy where they can openly express their feelings about their bullying experience, social-skills training and/or groups where they can practice assertiveness and coping mechanisms, or social work, counseling or school psychological services available within the school.

Policy Evaluation

Every two years, CICS will conduct policy evaluation to assess the outcomes and effectiveness of this policy that includes, but is not limited to, factors such as the frequency of victimization; student, staff, and family observations of safety at a school; identification of areas of a school where bullying occurs; the types of bullying utilized; and bystander intervention or participation.

ACCEPTABLE USE OF TECHNOLOGY

This Student Acceptable Use Policy ("Policy") sets forth the standards governing Chicago International Charter School (CICS) authorized users' access to local, state, national, and international sources of information through the Internet, the CICS network, and computer and electronic mail ("e-mail") access. This Policy sets forth the rules under which student users may continue their access to and use of these resources. This Policy promotes the ethical, legal, and school-related use of the Internet, CICS network, electronic mail and computer access. This Policy is in compliance with the Children's Internet Protection Act.

Access to the Internet, CICS network, Wi-Fi and computer and electronic mail access is a privilege that is provided to student users for educational purposes. These resources provide students with effective means of communication and research and should be used in a manner that does not violate the CICS school policy and regulations established by the CICS Board of Directors.

I. GENERAL PROVISIONS

Authorized Users: CICS provides computers and network capabilities to students for the purpose of enhancing instruction through technological resources. CICS uses filtering and blocking technology to protect against materials that are obscene, pornographic, or harmful to minors. CICS may make Internet access to e-mail available to students on the CICS networks as an educational resource. It is a general policy of CICS to promote the use of computers in a manner that is responsible, legal and appropriate. Student use of the CICS network is a privilege. A student's failure to adhere to the Policy will result in the revocation of the student's access privileges. Should a student's access privilege be revoked, there shall be no obligation on the part of CICS to provide a subsequent opportunity for access to the CICS network. All devices remain the property of CICS or CPS, therefore are to only be used as an educational tool, are GPS enabled, and must be returned to CICS immediately upon notification. Furthermore, CICS reserves the right to remotely connect with and disable the device without notice

The Internet is a collection of thousands of worldwide networks and organizations that contain millions of pages of information. Users are cautioned that many of these pages include offensive, sexually explicit, and inappropriate material. In general, it is difficult to avoid at least some contact with this material while using the Internet. Users accessing the Internet do so at their own risk and CICS and the Chicago Public Schools (CPS) and the City of Chicago are not responsible for material viewed or downloaded from users from the Internet. If a student gains access to inappropriate, obscene, pornographic and/or harmful material, CICS, CPS and the City of Chicago will not be liable. To minimize these risks, student use of the Internet, the CICS network, and computer and electronic mail is governed by this Policy. Student users may apply for less restrictive access to the internet to conduct bona fide academic research under the supervision of a teacher or administrator.

II. USE OF INTERNET, COMPUTER ACCESS AND ELECTRONIC MAIL

Improper use of the Internet, Wi-Fi, computer access, and electronic mail is prohibited. Uses of the Internet computer access and electronic mail that are prohibited include the following:

- Use of the CICS network for, or in support of, any illegal purposes

- Disclosing, using or disseminating private or personal information of other students, staff or administrators
- Providing access to the CICS network to violate any provisions of the CICS Code of Conduct
- Using a modem to dial into any online service provider, Internet Service Provider (I.S.P) or connect through a Digital Subscriber Line (DSL) while connected to the CICS network, as this poses a security risk to the CICS network
- Using the CICS network for anything related to “cyber-bullying”

Cyber-Bullying

“Cyber-bullying” means using information and communication technologies to bully. “Cyber-Bullying” is the use of electronic information and communication devices, to include but not be limited to, e-mail messages, instant messaging, text messaging, cellular telephone communications, internet blogs, internet chat rooms, internet postings, and defamatory websites, that:

- Deliberately threatens, harasses, intimidates a student, a school employee or any school-related personnel; or
 - Places a student, a school employee or any school-related personnel in reasonable fear of harm to a student, a school employee or any school-related personnel or damage to the student, a school employee or any school-related personnel property; or
 - Has the effect of substantially disrupting the orderly operation of the school; or
 - Teen sexting: Minors* caught sending nude or indecent photos of other minors via cell phones or computers could get supervision or community service. (IL State Law 2010)
- *If you are over 18 you will be prosecuted as an adult and may have to register as a sex offender.

Reporting Procedure and Investigation:

Any student, school employee or any school-related personnel who believes he/she has or is being subjected to cyber-bullying, as well as any person who has reason to believe a pupil or school staff member has knowledge or reason to believe another student, school employee or any school-related personnel is being subjected to or has been subjected to cyber-bullying shall immediately make a report to the school director or designee.

The school director or designee shall investigate all reports of such conduct. If the investigation results indicate cyber-bullying was not committed, the school director or designee will inform the affected parties of the investigation results.

Social Media/Chat Room Guidelines for Students

- Be transparent. Your honesty, or dishonesty, will be quickly noticed in the social media environment. Identify yourself by using your real name.
- Be judicious. Make sure that you are not sharing confidential information concerning its staff, students or parents/guardians.
- Write what you know. Ensure that you write and post about your area of expertise. If you are unfamiliar with a subject matter, do the research before commenting.
- Perception is reality. In online social networks, the lines between public and private, personal and professional can be blurred. Just by identifying yourself as a CICS student, you are creating perceptions about your expertise and about the CICS network. Be sure that all content associated with you is consistent with your work and with CICS' professional standards.
- Your responsibility: What you write is ultimately your responsibility. Participation in social media on behalf of CICS is not a right but an opportunity, so please treat it seriously and with respect. Be careful and considerate when dealing with others.
- Take responsibility. If you make a mistake, admit it. Be upfront and make your corrections quickly.
- Press pause. If you are about to publish something that makes you even the slightest bit uncomfortable, then don't. Take a break and come back to it later. Ultimately, what you publish is yours and so is the responsibility.

Other training opportunities on internet practices will be given throughout the school year.

III. GENERAL INFORMATION

The privilege of using the CICS network is free to students of CICS. The student to whom an account on the CICS network is issued is responsible, always, for its proper use. A responsible Student User of the CICS network:

VI. WAIVER OF PRIVACY, MONITORING, ENFORCEMENT

Users do not have a personal privacy interest in anything created, received or stored on the Internet, CICS network, or electronic mail systems, as these systems are neither secure nor private.

Users expressly waive any right to privacy in anything created, stored, and or received while using CICS computer equipment or Internet access. Users consent to allow CICS personnel to access and review all materials created, stored, sent or received by the User through any of the CICS network or Internet connections.

CICS has the right to monitor and log all aspects of its computer system including, but not limited to, monitoring Internet, CICS network, and electronic mail use to ensure that these resources are being used for educational and school-related purposes, consistent with this Policy.

When a faculty member determines that a student has made an inappropriate use of computer equipment or the Internet the faculty member may remove the student from the CICS network. The student may appeal the decision to the Director of CICS within 30 days of revocation.
